

**Boil Water Rescind Notice
FOR ALL OF PLANT D SERVICE AREA**

The service area is located on your bill by your service address.

On Thursday, January 4, 2024, the Texas Commission on Environmental Quality (TCEQ) required our public water system MacBee Special Utility District, PWS ID #2340012, to issue a Boil Water Notice (BWN) for all of Plant D Service Area and to inform our customers that due to the distribution pressure dropping below 20 PSI, or an interruption in service, water from our system must be boiled before consumption.

Our system has taken the necessary corrective actions to restore adequate pressure, disinfectant levels, and/or bacteriological quality and has provided TCEQ with testing results that indicate that the water no longer requires boiling as of January 6, 2024.

If you have questions, contact the Office at 903-873-2109 or 430-307-5544. If a customer wishes to reach TCEQ, they may call 512-239-4691.
