

Boil Water Rescind Notice
The following:

Customers South of the Treatment Plant (2230 FM 751), on FM 751, as well as VZCR 3802, VZCR 3803, VZCR 3804, VZCR 3809, VZCR 3811, VZCR 3812, VZCR 3820, and the Southern part of VZCR 3815

On **October 4, 2025**, the Texas Commission on Environmental Quality (TCEQ) required our public water system MacBee Special Utility District, PWS ID #23400012, to issue a Boil Water Notice (BWN) for the above area in Cochise Village and to inform our customers that due to the distribution pressure dropping below 20 PSI, or an interruption in service, water from our system must be boiled before consumption.

Our system has taken the necessary corrective actions to restore adequate pressure, disinfectant levels, and/or bacteriological quality and has provided TCEQ with testing results that indicate that the water no longer requires boiling as of **October 8, 2025**.

If you have questions, contact the Office at 903-873-2109 or 430-307-5544.
If a customer wishes to reach TCEQ, they may call 512-239-4691.
