MACBEE SPECIAL UTILITY DISTRICT
JACKSON WELL SYSTEM PWS # 2340045

IMPROVED CONDITIONS
RESCIND STAGE III WATER RAIONING NOTICE EFFECTIVE
IMMEDIATELY

MacBee SUD is **RESCINDING** a Stage III emergency water shortage condition due to the water system is stable and maintaining adequate water levels in the wells that service the Jackson/Whitton Community.

Please continue to monitor your properties and customer service lines for leaks and open faucets, etc. Please continue to be mindful of conservation of your water resource which will help to maintain good conditions.

MacBee SUD extends appreciation to customers for your compliance with Stage III Water Rationing procedures. Your efforts greatly assisted MacBee SUD to restore your water service and keep water service available.

Your cooperation is greatly appreciated.

Sincerely,
Directors and Management
MacBee Special Utility District
